

Cookie Policy

IRONFX COOKIE POLICY

WHAT ARE COOKIES?

A cookie is a small text file that is placed on your computer, smartphone or any other device you use to access the internet.

Our website uses cookies to enable us to assess the needs of our users and where appropriate tailor our website to improve the user experience.

Please note that none of the cookies we use on this website, contain personal information, and therefore cannot be used to identify you.

TYPES OF COOKIES

Our website uses the following cookies:

Essential cookies

These are cookies that are necessary for the functionality of our website. They include, for example, cookies that enable you to log into secure areas, use a shopping cart or make use of e-billing services.

Analytical/performance cookies

These cookies allow us to recognise and count the number of visitors and to see how visitors navigate around our website. This enables us to improve the way our website works, for example, by ensuring that users can locate what they are looking for easily.

Functionality cookies

These are cookies which are used to recognise you when you return to our website. This allows us to personalise our content for you, greet you by name and remember your preferences (for example, your choice of language or region).

Targeting cookies

These cookies record your visit to our website, the pages you have visited and the links you have followed. We will use this information to tailor our website as well as the advertising displayed on it more relevant to your interests. The cookies remember that you have visited a website and this information may be shared with third parties such as advertisers for this purpose.

Individual cookies

The tables below provide further detail on the individual cookies that we use and the purposes for which we use them.

Essential Cookies:

has_js	To store information about your preferences, allowing us to customise our website and to provide you with offers that are targeted at your individual interests
